EDUCATION

University of Massachusetts Amherst

Amherst, MA

Master of Science in Business Analytics, GPA: 4.00/4.00

Sep 2024 - May 2026

- Coursework: Machine Learning, Data Management, Statistics, Data Visualization, Project Management

GITAM Deemed to be University

Bachelor of Technology in Computer Science and Engineering

Aug 2019 - May 2023

SKILLS

Analytics & Business Intelligence: Power BI (Advanced DAX), Tableau, KPI Dashboarding, Data Storytelling, Segmentation, Statistical Analysis, Demand Forecasting

Programming & Data Engineering: Python (Pandas, NumPy, Scikit-learn), SQL (PostgreSQL, BigQuery, Window Functions), R, Advanced Excel (VBA, Power Query), ETL Pipelines, Data Warehousing, REST APIs, Git/GitHub

Modeling & Statistics: XGBoost, Gradient Boosting, Random Forest, Logistic Regression, SMOTE, Feature Engineering, Threshold Tuning, Hypothesis Testing

EXPERIENCE

UMass Amherst Dining Services

Amherst, MA

Student Supervisor

Sep 2024 - May 2026

- Cut manual data entry **90%** with a VBA and Power Query ETL pipeline that parsed daily transaction data across 37 retail locations
- Segmented **15,000** daily patrons by volume and product mix, reallocating staffing during peak windows to raise throughput at flat labor cost
- Lifted yield **27%** by auditing data across prep and service stages to surface root-cause inefficiencies

Om Sri Projects LLP

Project Analyst

Jun 2023 - Aug 2024

- Saved up to **\$12,000** per site on material by holding 2 to 3 competing quotes on every order
- Built the Excel cost and progress records for 3 sites, measuring spend against estimate by trade
- Reported site spend, progress and pending work to the owner from Excel records kept per build

Acmegrade

Data Science Intern

May 2022 - Jul 2022

- Lifted conversion-prediction accuracy **15%** over baseline by training Random Forest and Gradient Boosting classifiers on a 100,000-record client portfolio

Esports SIG - GITAM

Operations and Finance Lead

Sep 2022 - Jul 2023

- Tracked finances across **7** concurrent programs, tripling turnout to 1,800+ through data-led scheduling; secured 100% external sponsor funding

Crescendo Magazine - GITAM

Marketing and Social Media Coordinator

Sep 2022 - Jul 2023

- Led a 5-person team across two campaign cycles, growing audience engagement **170%**

TECHNICAL & ANALYTICS PROJECTS EXPERIENCE

TapInnovations Corporate Analytics | *Power BI, DAX*

- Cut weekly executive review time **30%** with Power BI dashboards on live B2B streams and custom DAX measures
- Delivered the cut by stripping each dashboard to what leadership actually needed to see

Auto Insurance Churn Prediction | *Python, Scikit-learn, SMOTE*

- Modeled churn on **92,849** policyholders (11.5% churn), removing a data-leakage column that had inflated an earlier model
- Compared five classifiers on ROC-AUC after SMOTE; Gradient Boosting won at 0.70 and was threshold-tuned to prioritize recall

Two-Stage Fraud Detection | *XGBoost, Python*

- Lifted detection AUC from 0.60 to **0.978** on 284,807 transactions, catching 84% of fraud at under 1% class balance
- Handled a 577:1 imbalance with class weighting, then routed high-risk flags to a second-stage review step

Overheard: Social Response-Gap Engine | *BigQuery, Vertex AI (Gemini), Python*

- Classified **3,662** comments from 17 consumer brands, ranking every missed customer question by response priority
- Hand-verified 34 live threads to calibrate scraper reply blindness, publishing the corrected 7 in 10 unanswered finding

CPK Production Planner | *Vanilla JavaScript, HTML, CSS*

- Cut daily production planning from about 2 hours to under **30 seconds**, replacing a 39-tab spreadsheet across 36 locations
