Education

University of Massachusetts Amherst Amherst, MA
MS in Business Analytics, GPA 4.00/4.00 *Sep 2024 - May 2026*
- Coursework: Machine Learning, Data Management, Statistics, Data Visualization, Project Management

GITAM Deemed to be University
B.Tech in Computer Science and Engineering *Aug 2019 - May 2023*

Skills

Operations: Project Management, Process Documentation and SOPs, Operating Procedures for Shift Teams, Vendor and Volunteer Coordination, Quality Checks Against Spec

Data and Visualization: Python (pandas, NumPy, scikit-learn), SQL (PostgreSQL, BigQuery), Power BI (advanced DAX), Geospatial Analysis (Folium), Data Storytelling

Teams and Customers: Cross-Functional Collaboration, Stakeholder Management, Staff Training, Process Improvement

Experience

UMass Amherst Dining Services Amherst, MA
Student Supervisor *Sep 2024 - May 2026*
- Helped the head of concessions plan and run a winter football stadium setup, from equipment and supplies through practice service with staff
- Wrote the standard operating procedures for **3** shift types, then checked staff compliance on every shift
- Supervised **18 to 36** student staff per shift across high-volume retail and stadium dining operations
- Cut daily production planning from about 2 hours to under **30 seconds**, first with a VBA and Power Query ETL pipeline, then by rebuilding it as a browser tool
- Raised **13** documented process fixes to dining management, including 7 ways diners bypassed payment
- Forecasted daily inventory flows across **37** retail locations from historical demand, adjusting procurement to prevent stockouts and trim carry on slow-moving SKUs

Om Sri Projects LLP
Business Analyst *May 2022 - Aug 2024*
- Ran sourcing, quality and payment approval on **3** building sites end to end over 14 months
- Scheduled work across electrical, plumbing and the other trades so no two teams overlapped on site, keeping each on a cycle with work ready
- Verified contractor work against spec before every payment, catching detail the trade routinely skipped
- Briefed contractors on design and pricing decisions and monitored build progress on site

Esports SIG, GITAM
Operations and Finance Lead *Sep 2022 - May 2023*
- Coordinated **7** concurrent programs across venues, vendors, and volunteers, tracking finances and securing 100% external sponsor funding

Technical & Operations Projects Experience

Prime Air Drone Logistics | *Python, pandas, Folium (modeled estimates)*
- Sited **3** hubs reaching about 550,000 residents, roughly 7.9% of Massachusetts, on weighted multi-criteria scoring across geospatial and demographic data
- Modeled about **1,900** packages per day in a hub-and-spoke last-mile network with a 12-month phased rollout plan (modeled estimates from documented assumptions)

TapInnovations Corporate Analytics | *Power BI, DAX*
- Cut weekly executive review time **30%** with Power BI dashboards on live B2B streams and custom DAX measures
- Delivered the cut by stripping each dashboard to what leadership actually needed to see

Supply Chain Optimization | *Harvard Business Publishing simulation*
- Held a **98%** service level with zero stockouts over a 4-year horizon, returning 34% cumulative margin through hybrid offshore and nearshore sourcing
